

CAPE TOWN PUBLIC TRANSPORT MAP MINIBUS TAXI ROUTES 2017

Data and map by
WhereIsMyTransport

Informally-run minibus taxis form a complex network in Cape Town, with 657 routes covering 8,870 kilometres.

At WhereIsMyTransport, we collected data from the city's entire minibus taxi network using our unique technologies and techniques.

To create this simplified map, we used our full data set to establish which taxi ranks are most active - defined by the most inward and outward routes. From there, we included return routes starting or ending at these ranks. The result is this map of 137 routes, offering an insight into how minibus taxis serve the city, and the potential for better integration between transport modes.

Cape Town is the world's first city to have its entire formal and informally-run public transport networks mapped, integrated and made openly available - on the WhereIsMyTransport platform.

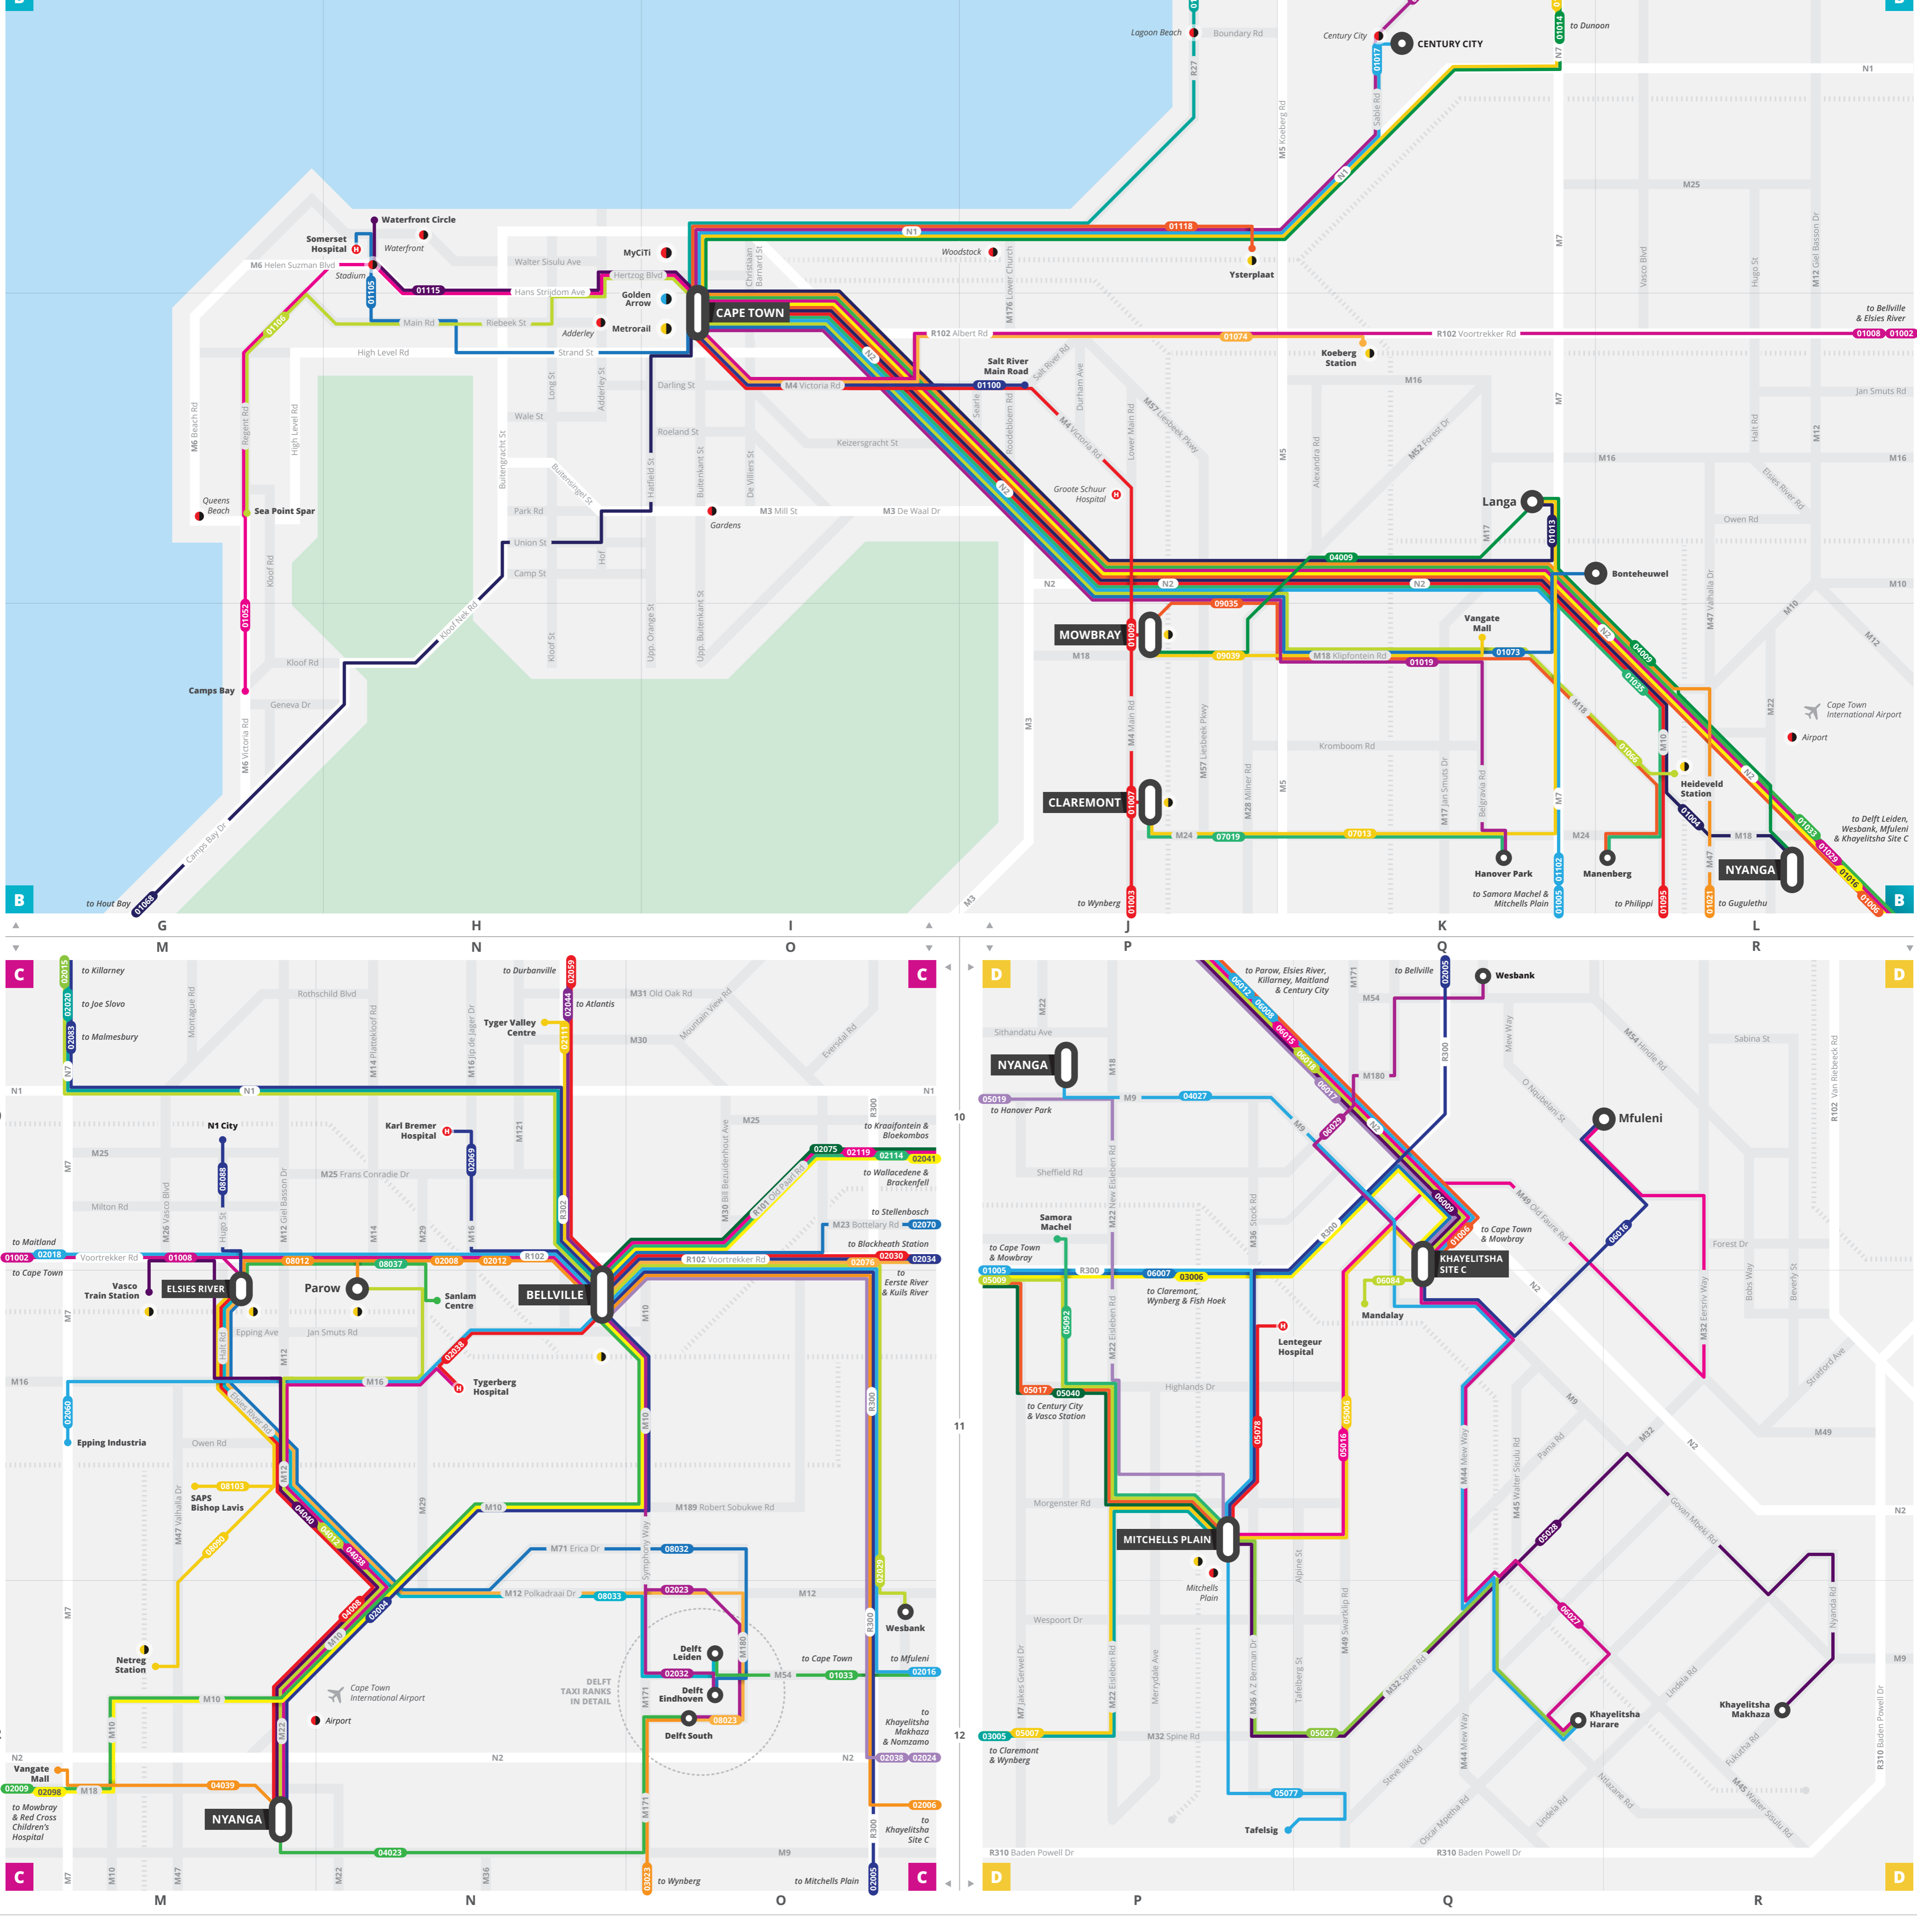

Main taxi rank	Route end taxi rank	Route end location	Route marker
Route line	Primary road	Secondary road	Rail
MyCITI bus stop	Metrorail train station	Golden Arrow bus stop	Hospital

IMPORTANT

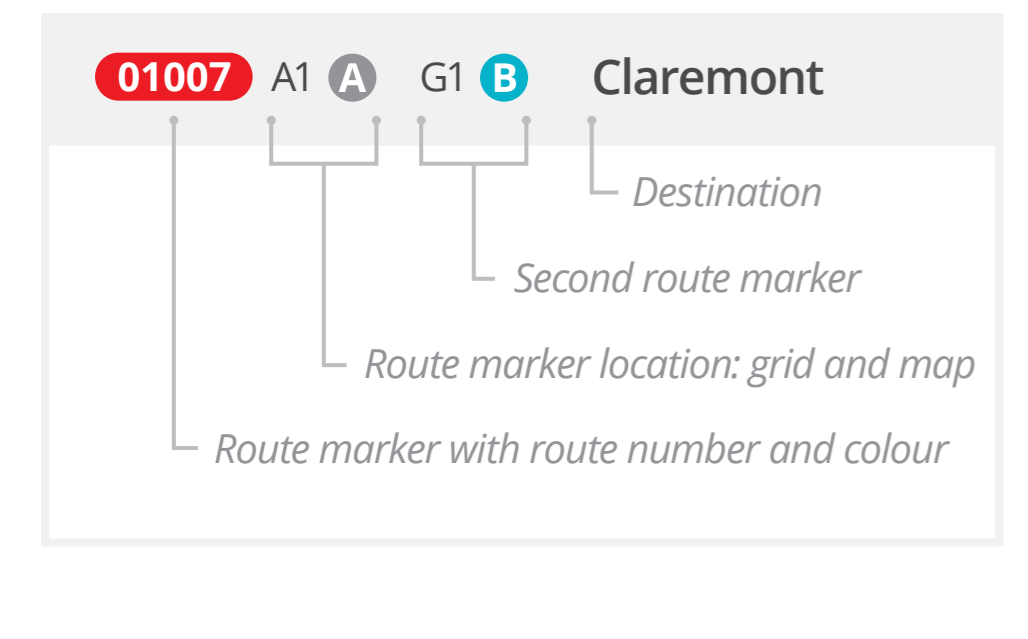

Numbered route markers will help you use this map. Due to the informally-run nature of minibus taxis, these numbers aren't used in the network itself.

A Cape Town's most active minibus taxi routes. **B** Routes from Cape Town Taxi Rank in detail. Includes all routes marked **B**. **C** Routes from Bellville Taxi Rank in detail. Includes all routes marked **C**. **D** Routes from Mitchells Plain & Khayelitsha Site C Taxi Ranks in detail. Includes all routes marked **D**.

Routes from Cape Town's ten main taxi ranks
